All printing is done in one colour, black with a choice of typefaces for your school name. The minimum order for overprinting is one carton, most of our exercise book cartons are sold in 50's or 100's.

Tips for a great printed logo

Our cost effective personalisation service prints your school's crest or logo along with the name of the school on the front of all your exercise books.

All we require is a black on white copy of your school logo in either one of these image formats -

The ideal image should be a minimum of 300dpi. Images pasted into Microsoft Word (and some other programs) are automatically reduced to 96dpi (for visual displays) and images taken from the web are commonly 72dpi (web-friendly). These reduced dpi images are not suitable for exercise book overprinting. If scanning a printed image, ensure that your scanner is set to 600 or 1200dpi for best compatibility.

Your school logo should be of a single dark colour, ideally black on white. Other single dark colours such as dark blue on white may also be acceptable.
